

**21st Century Learning
Passports: Adventures in Learning
All About Zebras
Curriculum Guide gr. K-3**

Why do zebras have stripes? How do they defend themselves? Are they endangered? How are they different from horses? If you would like to know the answers to these questions, or any questions you may have about zebras, then this passport is for you! Join 'Mr. B' as he takes you on any exciting journey to learn 'All About Zebras'!

Learning Activities:

Activity #1

Color the pictures below making one animal a zebra and one animal a horse. How are they different? How are they the same?

Activity #2

If you were going to invite a zebra to lunch, what would you make to eat?

Activity #3

Paint or draw a picture of a zebra in its natural environment.

Activity #4

Write a poem or short story, or draw a picture that tells about the life of a zebra.

Challenge Questions:

1. How many different kinds (species) of zebras are there? What are they? Which ones are endangered?
2. Why do zebras have stripes?
3. How are zebras different from horses?
4. What are the predators of a zebra?
5. How do zebras defend themselves?
5. How do zebras protect themselves from the sun?

Recommended books for further study on zebras:

1. "Zebras" by John Wexo
2. "Zebras: Animals in the Wild" by Mary Hoffman
3. "Zebras" by Melissa Stewart
